

poorer communities comes only after a poor rural area has received one of these CDBG loans.

Harmonizing CDBG activities with title VI under NAHASDA will have a lasting impression on tribal economic development. Better yet, it will help employ and educate the lowest income individuals in the Indian community.

NAHASDA isn't about big government offering handouts to Indian Country. It is about handing up in order to maintain that special relationship the Federal Government shares with the tribes. It is about making sure Indian Country has the tools they need for a brighter future. It is about creating jobs and opportunities for Indian Country, and it is about ensuring and preserving the Native American way of life.

The NAHASDA reauthorization is critical to addressing Native American housing needs. Tribes need additional flexibility and autonomy to use Indian Housing Block Grant dollars efficiently and in a manner that makes the most sense for tribal members' specific housing projects.

Mr. Speaker, as you can see, the reauthorization of this program is critical to addressing Native American housing needs in New Mexico and across the United States. I would urge all of my colleagues to adopt and support this bill.

Mrs. CAPITO. Mr. Speaker, I have no further speakers, and I yield back the balance of my time.

Mrs. MCCARTHY of New York. Mr. Speaker, I want to say to Mr. KILDEE a great thank you. He has been certainly a fighter for our American Indians on the Education Committee, and I thank him for bringing forth this legislation.

Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.
